A

AAFP age charts
—for periodic health examinations: birth to 18 months (*med rep*), November, p. 1882
—for periodic health examinations: 19 months to six years (*med rep*), December, p. 2241
AAFP congress approves statement on ethics of proprietary relationships (*med rep*), December, p. 2233
AAFP family doctor of the year, a perspective from: homelessness (*ed*), November, p. 1619
AAFP white paper on proprietary relationships: just do the right thing (*ed*), December, p. 2023
ACE inhibitors, characteristics of angioedema induced by (*tip*), September, p. 969
acetaminophen hepatotoxicity in chronic alcoholics (*tip*), October, p. 1448
acyclovir, use of, in varicella pneumonia (*tip*), September, p. 1032
adenoidectomy, indications for tonsillectomy and (*sci*), November, p. 1639
adenosine for paroxysmal supraventricular tachycardia (*sci*), September, p. 929
adiposity in children and adolescents, measurement of (*tip*), July, p. 291
adolescent(s)
—alcohol abuse in (*let*), November, p. 1582
—children and, measurement of adiposity in (*tip*), July, p. 291
—children and, preventing tobacco use in (*tip*), November, p. 1855
—children and, weight-training injuries in (*sci*), December, p. 2104
—chronic dieting in (*tip*), December, p. 2210
—epidemiology of AIDS among (*tip*), September, p. 972
adolescent education, anabolic steroids and (*tip*), July, p. 298
adolescent sexuality issues in office practice (*sci*), October, p. 1273
adrenal tumors, diagnosis of (*tip*), September, p. 1022
advance directives for medical care (*tip*), September, p. 963
aerosol abuse, organic solvent and (*sci*), July, p. 183
AFP medical editing fellowship (*ed*), July, p. 98
AFP's reviewers (*ed*), December, p. 2030
age, older maternal, and cesarean section rates (*tip*), August, p. 664
age charts
—AAFP, for periodic health examinations: birth to 18 months (*med rep*), November, p. 1882
—AAFP, for periodic health examinations: 19 months to six years (*med rep*), December, p. 2241
agoraphobia, house calls and alprazolam for (*let*), October, p. 1132
AIDS (*see also HIV*)
—adjunctive corticosteroid therapy for pneumocystis pneumonia in patients with (*ed*), August, p. 447
—among adolescents, epidemiology of (*tip*), September, p. 972
—dementia in (*tip*), September, p. 979
—pneumothorax in patients with (*tip*), September, p. 980
—use of the term (*let*), September, p. 751
alanine aminotransferase as a marker of disease (*tip*), July, p. 296
alcohol abuse
—in adolescents (*let*), November, p. 1582
—and alcoholism in the primary care setting (*tip*), August, p. 663
alcohol consumption
—after acute viral hepatitis, safety of (*tip*), August, p. 609
—a risk factor for stroke (*tip*), August, p. 638
alcohol withdrawal, transdermal clonidine in (*tip*), August, p. 647
alcohol withdrawal seizures, recurrent, phenytoin for (*tip*), October, p. 1433
alcoholics, chronic, acetaminophen hepatotoxicity in (*tip*), October, p. 1448
alcoholism in women (*sci*), September, p. 907
alcoholism treatment, disulfiram: a guide to clinical use in (*sci*), August, p. 481
alfuzosin therapy and benign prostatic hypertrophy (*tip*), October, p. 1403
allergy, penicillin, testing for (*tip*), September, p. 1032
aloe vera gel, effect of, on wound healing (*tip*), December, p. 2196
alpha-interferon therapy for chronic hepatitis B (*tip*), September, p. 1027
alprazolam, house calls and, for agoraphobia (*let*), October, p. 1132
Alzheimer's disease
—drug treatment in (*tip*), July, p. 284
—use of tacrine in (*tip*), August, p. 648
amoxicillin
—cefixime vs., in treatment of otitis media (*tip*), November, p. 1837
—or myringotomy in acute otitis media (*tip*), September, p. 982
ampicillin, ceftriaxone vs., in the treatment of shigellosis (*tip*), September, p. 1028
analgesia, patient-controlled (*sci*), December, p. 2145
angina, chronic stable, low-dose aspirin therapy for (*tip*), August, p. 609
angioedema induced by ACE inhibitors, characteristics of (*tip*), September, p. 969
angioplasty, lovastatin for prevention of restenosis after (*tip*), November, p. 1878
antibiotics, use of, in otitis media (*tip*), November, p. 1880

July through December, 1991

angioplasty, lovastatin for prevention of restenosis after (*tip*), November, p. 1878
antibiotics, use of, in otitis media (*tip*), November, p. 1880

anticoagulants, iliopsoas hematoma and femoral nerve compression (*sci*), December, p. 2100
antiepileptic drugs during remission, withdrawal of (*tip*), October, p. 1441
antihypertensive agents, effects of, on sexual function (*sci*), December, p. 2075
antihypertensive therapy, feasibility of stopping (*tip*), July, p. 257
antimicrobial agents, inactive ingredients in (*tip*), July, p. 301
antimicrobial treatment in pelvic inflammatory disease (*tip*), August, p. 629
aortic dissection, acute (*tip*), July, p. 267
Apgar scores, cognitive performance and (*tip*), September, p. 982
appendicitis
—acute, sonography in the diagnosis of (*sci*), August, p. 465
—risk of, occupational exposure to pigs and (*tip*), December, p. 2196
arrhythmias after thrombolytic therapy, significance of (*tip*), September, p. 1027
arthritis, rheumatoid, diagnosing: current criteria (*sci*), September, p. 863
asbestos, radon, lead and, exposure, overview of (*sci*), November (*suppl*), p. 51S
aspiration pneumonia, necrotizing (*sci*), November, p. 1719
aspirin
—effectiveness of, after minor stroke and TIA (*tip*), November, p. 1864
—low-dose, to prevent hypertension in pregnancy (*tip*), December, p. 2208
—low-dose, in prevention of fetal growth retardation (*tip*), November, p. 1842
aspirin therapy, low-dose, for chronic stable angina (*tip*), August, p. 609
aspirin use in women and cardiovascular disease (*tip*), November, p. 1798
asthma, severe, intramuscular steroids for (*tip*), July, p. 281
astroviruses as a cause of gastroenteritis in children (*tip*), October, p. 1377
autism: early identification and management in family practice (*sci*), November, p. 1755

B

baby walkers, head injuries in children using (*tip*), November, p. 1824
back pain, low, during labor, sterile water injections for (*tip*), October, p. 1423
bacteriuria, asymptomatic, in elderly women (*tip*), August, p. 648
battered women: you can make a difference (*med soc*), November, p. 1894
behavior, temperament and, in preterm infants (*tip*), October, p. 1419
bicycling and ulnar tunnel syndrome (*let*), December, p. 1983
bleeding during first trimester, significance of (*tip*), November, p. 1824
blood, screened, risk of HIV infection and (*tip*), December, p. 2192
blood pressure, high, caring for older patients with (*sci*), July, p. 137
bone density in women receiving depot progesterone (*tip*), November, p. 1808
Bowen's disease: squamous cell carcinoma in situ (*sci*), October, p. 1325
breast cancer
—diet and (*tip*), October, p. 1424
—early, adjuvant therapy in (*sci*), August, p. 453
—estrogen replacement therapy and risk of (*tip*), August, p. 640
—node-negative, treatment of (*ed*), August, p. 448
—oral contraceptive use and risk of (*tip*), November, p. 1803
—survival trends (*tip*), November, p. 1828
—suspected, protocol for evaluating women with (*tip*), October, p. 1380
—women with, screening among relatives of (*tip*), December, p. 2167
breast implants, update on (*FDA*), December, p. 2227
bronchogenic carcinoma, normal chest radiographs in (*tip*), December, p. 2209
bulimia nervosa
—role of the family physician (*sci*), October, p. 1231
—treatment of (*tip*), October, p. 1427

C

caffeine consumption during pregnancy (*tip*), September, p. 958
caffeine dependence in coffee drinkers (*tip*), December, p. 2209
calcium channel blockers in essential hypertension (*tip*), September, p. 957
calcium excretion, urinary, as a marker of preeclampsia (*tip*), August, p. 610
calculi, ureteral, treatment options for (*tip*), November, p. 1840
calf, MRI in deep venous thrombosis of (*tip*), October, p. 1420
caloric intake in young children (*tip*), July, p. 275
cancer (*see also carcinoma*)
—breast, diet and (*tip*), October, p. 1424
—breast, early, adjuvant therapy in (*sci*), August, p. 453
—breast, estrogen replacement therapy and risk of (*tip*), August, p. 640
—breast, node-negative, treatment of (*ed*), August, p. 448
—breast, oral contraceptive use and risk of (*tip*), November, p. 1803
—breast, survival trends (*tip*), November, p. 1828
—breast, suspected, protocol for evaluating women with (*tip*), October, p. 1380
—breast, women with, screening among relatives of (*tip*), December, p. 2167
—cervical intraepithelial: follow-up after cryotherapy (*tip*), November, p. 1792
—children treated for, myocardial impairment in (*tip*), September, p. 969
—early detection of, NCI initiates program to promote (*med rep*), November, p. 1882
—gastric, *Helicobacter pylori* and (*tip*), November, p. 1850
—laryngeal: diagnosis, treatment and speech rehabilitation (*sci*), July, p. 123
—prostatic, marker for early detection of (*tip*), October, p. 1454
—prostatic, transrectal ultrasound to identify (*tip*), December, p. 2184
carcinoma (*see also cancer*)
—bronchogenic, normal chest radiographs in (*tip*), December, p. 2209
—squamous cell, in situ: Bowen's disease (*sci*), October, p. 1325
cardiac risk, perioperative, preoperative screening for (*sci*), October, p. 1285
cardiology patients, panic disorder in (*tip*), July, p. 238
cardiovascular disease, aspirin use in women and (*tip*), November, p. 1798

carotid stenosis, high-grade, carotid endarterectomy in (*tip*), December, p. 2217
catheter-related infection, intravascular, reducing (*tip*), October, p. 1433
cefixime vs. amoxicillin in treatment of otitis media (*tip*), November, p. 1837
ceftriaxone vs. ampicillin in the treatment of shigellosis (*tip*), September, p. 1028
cervical
—cap (*let*), October, p. 1134
—infections, effectiveness of ofloxacin for (*tip*), September, p. 941
—intraepithelial cancer: follow-up after cryotherapy (*tip*), November, p. 1792
cesarean section rates, older maternal age and (*tip*), August, p. 664
chest, stab wounds of, management of patients with (*tip*), September, p. 1030
childhood injuries
—family physician's role in preventing (*ed*), November, p. 1620
—issues for the family physician (*sci*), November, p. 1705
children
—and adolescents, measurement of adiposity in (*tip*), July, p. 291
—and adolescents, preventing tobacco use in (*tip*), November, p. 1855
—and adolescents, weight-training injuries in (*sci*), December, p. 2104
—astroviruses as a cause of gastroenteritis in (*tip*), October, p. 1377
—axillary vs. rectal temperatures in (*tip*), December, p. 2223
—with HIV infection, use of oral zidovudine in (*tip*), September, p. 990
—lipoprotein profile patterns in (*tip*), July, p. 268
—Lyme disease in, AAP issues policy on treatment of (*med rep*), July, p. 308
—newly enrolled in day care centers, diarrhea in (*tip*), September, p. 994
—selection of shoes for (*tip*), December, p. 2204
—with sickle cell disease, osteomyelitis in (*tip*), October, p. 1409
—skateboarding injuries among, increase in (*tip*), July, p. 295
—treated for cancer, myocardial impairment in (*tip*), September, p. 969
—using baby walkers, head injuries in (*tip*), November, p. 1824
—young, caloric intake in (*tip*), July, p. 275
—young, purulent nasal discharge in (*tip*), September, p. 949
cholestyramine candy bars and patient compliance (*tip*), September, p. 976
chorionic villus sampling
—(*tip*), October, p. 1378
—congenital abnormalities and (*tip*), July, p. 249
cingulotomy, use of, and obsessive-compulsive disorder (*tip*), October, p. 1423
circumcision, nerve block for (*let*), November, p. 1565
clonidine, transdermal, in alcohol withdrawal (*tip*), August, p. 647
Clostridium difficile, prophylaxis against infection with (*tip*), July, p. 301
cluster headaches, migraine and, sumatriptan for (*tip*), November, p. 1797
coffee drinkers, caffeine dependence in (*tip*), December, p. 2209
cognitive performance and Apgar scores (*tip*), September, p. 982
cold(s)
—common, stress and (*tip*), December, p. 2178
—effect of measles vaccine on infants with (*tip*), September, p. 946
colic, increased carrying of infants as therapy for (*tip*), September, p. 1020
colon cleansing, new oral solution for (*tip*), October, p. 1390
colposcopy, routine, in HIV-positive women (*tip*), November, p. 1868
Coma Scale, Glasgow, reliability and accuracy of (*tip*), August, p. 619
congenital abnormalities and chorionic villus sampling (*tip*), July, p. 249
congenital hypothyroidism and intellectual development (*tip*), November, p. 1859
contraceptive(s)
—new: Norplant (*sci*), July, p. 103
—oral, use and risk of breast cancer (*tip*), November, p. 1803
—triphasic, and glucose metabolism (*tip*), October, p. 1377
controlled substances, responsible prescribing of (*sci*), November, p. 1673
corneal healing, efficacy of eye pads in (*tip*), August, p. 620
coronary artery disease in women, management of (*tip*), November, p. 1867
coronary artery thrombolysis: comparison of approved agents (*sci*), August, p. 591
coronary risk factors in elderly blacks and whites (*tip*), November, p. 1860
coronary thrombolysis in elderly patients (*tip*), September, p. 1000
correction
—laser treatment of benign cutaneous vascular lesions, October, p. 1142
—motor vehicle crash injury: mechanisms and prevention, December, p. 1984
corticosteroid therapy, adjunctive, for pneumocystis pneumonia in patients with AIDS (*ed*), August, p. 447
corticosteroid use, NSAIDs and peptic ulcer disease (*tip*), November, p. 1875
CPR in hospitalized patients: when is it futile? (*sci*), December, p. 2130
CPR decisions, educating the elderly about (*tip*), August, p. 666
criminal victimization and physical health of women (*tip*), July, p. 240
cryotherapy, follow-up after: cervical intraepithelial cancer (*tip*), November, p. 1792
CT evaluation of puerperal infections (*tip*), August, p. 644
cutaneous
—lesions, electrosurgery for (*sci*), November (*suppl*), p. 81S
—vascular lesions, benign, laser treatment of (*sci*), August, p. 547
Cytobrush, adequate Pap smears and (*tip*), July, p. 281
cytometry, flow, and image analysis (*let*), November, p. 1575

D

day care centers, diarrhea in children newly enrolled in (*tip*), September, p. 994
day care setting, risk of otitis media in (*tip*), July, p. 278
delirium, metoprolol-induced, perpetuated by propafenone (*let*), October, p. 1142
dementia
—in AIDS (*tip*), September, p. 979
—driving and (*tip*), September, p. 945
—screening tests for (*tip*), December, p. 2224
depression
—predictors of response in treatment of (*tip*), November, p. 1791

—psychostimulants for (*let*), September, p. 758
depressive disorders in older medical inpatients (*sci*), October, p. 1243
depressive symptoms following stroke (*tip*), July, p. 234
dermatologic testing
—office: scabies preparation (*sci*), August, p. 505
—office: the Tzanck preparation (*sci*), September, p. 857
diabetes
—in the elderly, treatment of (*sci*), September, p. 915
—patients with, incidence of gross proteinuria in (*tip*), December, p. 2192
—screening for (*tip*), December, p. 2174
diabetes mellitus
—noninsulin-dependent (*let*), July, p. 40
—physical activity and (*tip*), November, p. 1849
diabetic patients
—elderly, and podiatric complications (*tip*), August, p. 629
—estimating glycemic control in (*tip*), November, p. 1822
diapers, cloth, paper vs., and enteric infections (*tip*), August, p. 630
diarrhea
—in children newly enrolled in day care centers (*tip*), September, p. 994
—in infants, oral electrolyte therapy for (*tip*), August, p. 633
—treatment of, soy-based lactose-free formula in (*tip*), September, p. 1014
diet and breast cancer (*tip*), October, p. 1424
dietary guidelines, updated (*ed*), September, p. 815
dieting, chronic, in adolescents (*tip*), December, p. 2210
digitalis therapy in congestive heart failure (*tip*), October, 1441
disulfiram: a guide to clinical use in alcoholism treatment (*sci*), August, p. 481
Doppler color flow mapping in fetal echocardiography (*tip*), December, p. 2191
driving and dementia (*tip*), September, p. 945
drug-nutrient interactions (*sci*), November, p. 1651
drug testing in newborns, use of meconium samples for (*tip*), November, p. 1860
dry mouth, use of pilocarpine for (*tip*), November, p. 1813
duodenal ulcer, laparoscopic vagotomy for (*tip*), August, p. 653
dysmorphic, body, disorder (*tip*), December, p. 2173
dyspepsia, screening for (*tip*), December, p. 2198
dystocia, shoulder (*tip*), October, p. 1388

E

echocardiography, fetal, Doppler color flow mapping in (*tip*), December, p. 2191
elderly (*see also older patients*)
—blacks and whites, coronary risk factors in (*tip*), November, p. 1860
—diabetes in, treatment of (*sci*), September, p. 915
—educating, about CPR decisions (*tip*), August, p. 666
—isolated systolic hypertension in (*tip*), October, p. 1409
—poor nutrition in: nutrition screening initiative (*ed*), November (*suppl*), p. 10S
—sensitivity to triazolam in (*tip*), October, p. 1398
elderly diabetic patients and podiatric complications (*tip*), August, p. 629
elderly patients
—ambulatory, unexplained weight loss in (*tip*), October, p. 1393
—coronary thrombolysis in (*tip*), September, p. 1000
—screening for hearing impairment in (*tip*), October, p. 1400
elderly women, asymptomatic bacteriuria in (*tip*), August, p. 648
electrolyte therapy, oral, for diarrhea in infants (*tip*), August, p. 633
electrosurgery for cutaneous lesions (*sci*), November (*suppl*), p. 81S
embolism, pulmonary, thrombolysis for (*sci*), October, p. 1365
emergency department, screening for syphilis in (*tip*), November, p. 1814
employee, sick: medical certificates and the primary care physician (*sci*), October, p. 1333
empyema, factors influencing morbidity from (*tip*), November, p. 1806
endarterectomy, carotid, in high-grade carotid stenosis (*tip*), December, p. 2217
endocarditis prophylaxis, recommended revision to (*let*), November, p. 1564
endometriosis, blood test for (*tip*), October, p. 1460
enteric infections, paper vs. cloth diapers and (*tip*), August, p. 630
esophageal foreign bodies (*sci*), September, p. 824
estrogen replacement therapy and risk of breast cancer (*tip*), August, p. 640
estrogen therapy (*let*), July, p. 50
ethics of proprietary relationships, AAFP congress approves statement on (*med rep*), December, p. 2233
ethylene oxide, mortality among workers exposed to (*tip*), October, p. 1463
exercise testing, significance of ischemia during (*tip*), September, p. 974
eye injury, sports-related, prevention of (*sci*), August, p. 515
eye pads, efficacy of, in corneal healing (*tip*), August, p. 620

F

'Family Physician's Notebook'
—burnout? I guess I never had the time (*FPN*), July, p. 31
—odd couple (*FPN*), December, p. 1967
—questions in a code (*FPN*), August, p. 395
fatigue syndrome, chronic
—(*let*), July, p. 56
—(*tip*), October, p. 1396
—and magnesium levels (*tip*), July, p. 276
FDA as an information source for family physicians (*FDA*), September, p. 1037
fetal echocardiography, Doppler color flow mapping in (*tip*), December, p. 2191
fetal growth retardation, low-dose aspirin in prevention of (*tip*), November, p. 1842
fetal surveillance, antepartum, techniques for (*sci*), September, p. 893
fibrillation, atrial, use of flecainide in (*tip*), September, p. 1006
fibrin glue sealing in pancreatic surgery (*tip*), August, p. 660
flecainide in atrial fibrillation, use of (*tip*), September, p. 1006
fluid resuscitation, colloids vs. crystalloids in (*tip*), August, p. 624
flunisolide, doses per container of (*let*), August, p. 400
folic acid in prevention of neural tube defects (*tip*), December, p. 2180
formula, soy-based lactose-free, in the treatment of diarrhea (*tip*), September, p. 1014

G

'gag rule,' national medical and nursing organizations call for overturn of (*med soc*), August, p. 678
gallstone disease, new options for treating (*sci*), October, p. 1295
gallstone formation after abdominal surgery (*tip*), October, p. 1463
gallstones, advances in the management of patients with (*ed*), October, p. 1192
gastric bypass complications, insurance status and (*tip*), November, p. 1862
gastric cancer, *Helicobacter pylori* and (*tip*), November, p. 1850
gastroenteritis in children, astroviruses as a cause of (*tip*), October, p. 1377
gastrointestinal disease and tap water (*tip*), October, p. 1410
gastrostomy tubes, removal of (*tip*), August, p. 643
geriatrics, Medicare, and the family physician (*let*), September, p. 754
gestations, twin, early hospitalization and outcome of (*tip*), September, p. 941
Glasgow Coma Scale, reliability and accuracy of (*tip*), August, p. 619
glove, surgical, perforation, during obstetric procedures (*tip*), July, p. 233
glucagon therapy in hypoglycemia (*tip*), August, p. 668
glucocorticoids, use of (*tip*), September, p. 986
